Subject: RE: Nevada v. US

Date: December 17, 2018 at 12:53:31 PM PST

To: "adamsnaturalresourcesllc@gmail.com" <adamsnaturalresourcesllc@gmail.com>

Marta – As you requested, I am confirming what I told you orally over the phone.

Counsel for the U.S. Defendants represents that transportation of plutonium or defense plutonium materials between DOE's Savannah River Site and DOE's Nevada National Security Site to comply with the order of the United States District Court for South Carolina will not occur during the thirty (30) days following December 21, 2018, the current due date of the U.S. response to the State of Nevada's motion for a preliminary injunction.

We discussed extending the US response deadline to January 4, which would make the State's response due January 11. Other than our pending voice mail with Peggy Vannozzi, Judge Du's courtroom administrator, does this clear for an agreement to extend the deadlines accordingly?
